BODYROCK

SPORT SPORTS BRAS

BodyRock Sport functional and trendy sports bras combine fun colors, unique fabrics and distinctive embellishments with smart details such as built-in iPod™ pockets, zippered compartments and tagless labels for extra comfort. All of the bras have wide elastic bands, ranging in thickness from 1.25 to 1.75 inches, that provide additional support and enable women to wear their heart rate monitors comfortably. According to the makers, BodyRock Sport is ideal for all workouts, from yoga and Pilates to higher intensity athletics such as running and kickboxing. For more details, go to www.bodyrocksport.com.
